EXT. TITUS AND KIMMY'S NEIGHBORHOOD - EARLY MORNING

Titus is leaving a Quiznos proudly after destroying the bathroom. He notices a sign in the window that says "bathrooms for customers only" he pretends to flip his non-existent hair and then struts away. A man approaches him to ask for money but instead coughs into his face.

TITUS

Ugh, sir I don't need your germs I
already share a toothbrush with
what I assume is a raccoon living
in the wall

The man continues coughing and walks away.

TITUS (CONT'D)

I swear this whole country is going
downhill. First Hillary's emails,
And now--

He looks around noticing that everyone is coughing and looks sick. He rushes down the street to get away.

CUT TO:

INT. KIMMY AND TITUS'S APARTMENT - A LITTLE LATER

Titus bursts into Kimmy's room waking her up. His face is covered in what looks like Cheeto dust.

TITUS

(frantic)

Wake up Kimmy Lee Curtis the world
is ending!

KIMMY

What? Where? The Reverend?

TITUS

No it's a virus and it's coming for
us all! I'm too talented to die
this young, I haven't even played a
black judge in a network drama yet!

KIMMY

Titus relax, where did you hear
this because honestly it sounds
like fake news

TITUS

I was on my daily morning stroll
when everyone around me started
coughing

KIMMY

Are you sure they didn't just drink
Vernor's? That stuff always makes
me cough. But I can't stop drinking
it!

TITUS

I stopped by meth head Charlie's
newsstand and it's all over the
papers!

He hands Kimmy three magazines one by one. The first is TIME
with the headline "Super Virus hitting the U.S At rapid rate"
the next is Newsweek reading "They warned us and we didn't
listen" and the third is a Highlights kids magazine with a
sick giraffe on the cover with the headline "my tummy hurts."
Kimmy takes the Highlights magazine excitedly.

TITUS (CONT'D)

Don't bother I already did all the
mazes in pen

KIMMY

But you always cheat!

TITUS

I don't do well with barriers you
know that!

She throws the magazine aside, disappointed.

KIMMY

Titus I'm sure it's just the flu or
something. Everyone is just
overreacting

TITUS

We need to get supplies in case
they ban us from leaving the
apartment. My dolls can't go that
long without their hair care!

KIMMY

(unraveling)

They can't do that... right? I mean
they can't force us to stay in our
homes against our will and...and...

(MORE)

KIMMY (CONT'D)

make us watch poorly filmed videos
of the reverend doing what he
thinks is Tai chi?!

TITUS

Okay, take a step back girl I
forgot this might be triggering for
you

KIMMY

No I'm fine. Everything's going to
be fine. (beat) what's on your
face?

Titus pulls out a bag of off-brand cheese snacks called "Chee
Toez."

TITUS

You know when I'm anxious I snack
in my sleep!

KIMMY

I thought I heard crunching last
night. But I just assumed it was
the family of raccoons that lives
inside the wall

TITUS

Listen Kimitheé Chalamet, we need
to bunker down

Kimmy looks at him with wide eyes.

TITUS (CONT'D)

I mean, shelter down! And by "we" I
mean you. My horoscope said not to
start any new projects today, and
we both know what happens when I
ignore what my horoscope says

TITUS (CONT'D)

I end up disturbing the peace
at a Baskin Robbins after
lying about my birthday and
get banned for life

KIMMY

You end up disturbing the
peace at a Baskin Robbins
after lying about your
birthday and get banned for
life

TITUS (CONT'D)

They took a photo of me to hang on
the wall!

KIMMY

I thought you stole it to use as
your headshot

TITUS

Either way it was traumatizing!

KIMMY

Okay, fine, Titus. If it will make you feel better I will pick up some food and supplies in between Ubering tourists to Sbarro for a slice of authentic New York City pizza

TITUS

Great, I've already made a list

He hands her the list, it's covered in cheese dust.

KIMMY

This just says "doll shampoo" how is that an essential item?

TITUS

These are unprecedented times!

Titus leaves her doorway dramatically. She gets out of bed to get ready. Titus yells back to her.

TITUS (CONT'D)

Don't forget the raccoon food!
Feeding them is the only way to
keep them on our side!

We hear angry Raccoon noises coming from the wall. She runs out of the room.

OPENING TITLE SEQUENCE

INT. JACQUELINE'S APARTMENT - AFTERNOON

Jacqueline is wearing a kinda off looking Gucci patterned face mask and gloves and is struggling to open a bottle of water. Kimmy enters looking worried.

KIMMY

Jacqueline I got your SOS text, but what does "eggplant emoji, peach emoji, shrugging emoji" mean?

JACQUELINE

That was meant for someone else.
But thank god you're here!

KIMMY

(referring to mask and gloves)

Oh come on, not you too

JACQUELINE

We are on the verge of entering a global crisis, I'm surprised you of all people aren't taking this seriously after spending all that time camping underground or whatever that was

KIMMY

You mean being kidnapped?

JACQUELINE

Same difference. Anyway, Buckley is home from school indefinitely and they expect me, his MOTHER, to homeschool him. And since Xanthippe is in self-quarantine after going on that Kesha themed Cruise for spring break, I need your help around here

KIMMY

I wish I could, but between my Uber shifts and managing Titus's sleep snacking, I'm spread pretty thin right now. Plus they're saying the city might shut down soon

JACQUELINE

Well I am deeming you essential, you think I don't have dirt on De Blasio? Back when I was a flight attendant I worked a flight he was on and let's just say I have a very damning photo of him that he won't want leaked

KIMMY

What is it? Is he...like, nakey?

JACQUELINE

What? No. He's wearing Bermuda shorts

Kimmy looks at her confused.

JACQUELINE (CONT'D)

In FIRST CLASS, Kimmy!

Kimmy nods pretending she understands the repercussions "oh right, yes that's terrible"

JACQUELINE (CONT'D)

Besides I'm going to be very busy taking on charity work during these trying times

KIMMY

Says the lady with the designer face mask

JACQUELINE

I'll have you know this specific pattern was incredibly cheap. It was discontinued because Casey Anthony wore it the day she was acquitted

Kimmy rolls her eyes.

JACQUELINE (CONT'D)

With Russ stuck in Africa helping underprivileged high school children on mission trips, I feel like I should be doing more for others

KIMMY

Well that's very noble of you Jacqueline

JACQUELINE

I just have to find the right charity to support. Have you ever done charity work? I mean, besides getting your clothes at an old abandoned Limited Too?

KIMMY

When I was a kid I cut my hair for a charity that made wigs for young girls with arachnophobia

Jacqueline looks confused.

KIMMY (CONT'D)

Wait, that can't be right

JACQUELINE

Irregardless, my hair is far too processed for something like that.

(MORE)

JACQUELINE (CONT'D)

Plus my shampoo is infused with tiger semen which a lot of people are allergic to

KIMMY

What about volunteering at a soup kitchen?

JACQUELINE

Soup is for poor people Kimmy

KIMMY

Yeah that's kind of the whole point

JACQUELINE

I just really want to make an impact. Something big and unforgettable. Where I get all the attention. Like Kirstie Allie on Dancing with The Stars

KIMMY

Or like when the Beach Boys performed with Jessie and the Rippers on Full House

JACQUELINE

Ew no.

Kimmy yawns.

JACQUELINE (CONT'D)

You seem extra tired, and your face looks even paler than usual. You're not sick, are you?

She quickly steps farther away from Kimmy.

KIMMY

I just haven't been sleeping well lately, I have a lot on my mind

JACQUELINE

Trust me this impending pandemic is keeping me awake too. Why don't you try medication?

She walks over and grabs a bottle out of her purse and takes out a pill.

JACQUELINE (CONT'D)

Here take one of my sleeping pills

Kimmy cautiously takes it from her.

KIMMY

Do they really work?

JACQUELINE

They don't call it a Cosby for nothing!

Kimmy shrugs and puts the pill into her pocket for later.

JACQUELINE (CONT'D)

See! I'm already helping the less fortunate!

CUT TO:

INT. BODEGA - LATER THAT DAY

Lillian is in line at a crowded bodega. Some people are wearing face masks. She coughs and everyone gasps.

LILLIAN

(annoyed)

Relax, I'm not sick. This whole crisis is just a conspiracy theory to distract us while the government creates more lizard people. Even if this thing was real, you really think ol' Lillian Kaushtupper couldn't handle it? I survived polio, mad cow, bird flu, swine flu, raccoon flu, and a Kid Rock concert in the 90s. So I think my immune system is strong enough to fight off a so-called virus

CUSTOMER 1

Wait, you didn't get the polio vaccine?

LILLIAN

I don't believe in vaccines, I heard they make your children straight

CUSTOMER 2

Well even if you don't show symptoms you can still get other people sick

LILLIAN

(laughing)

Okay, boomer.

She coughs again, more aggressively this time.

CUT TO:

INT. KIMMY AND TITUS'S APARTMENT - A LITTLE LATER

Kimmy enters and sees that Titus has turned the apartment into the bunker she was trapped in. He has made a fort out of toilet paper, makeshift mole women out of household items, a mystery crank by punching a hole in the wall and sticking a crowbar in it, and he is wearing his red wig in a braid, similar to Kimmy's hair when she was kidnapped.

KIMMY

(angry)

Titus what did you do?

Kimmy drops all her bags. She empties her pockets, including the sleeping pill, onto the counter. Titus comes out of his bedroom.

TITUS

I'm preparing for the end of times!

KIMMY

Why did you have to recreate *my* bunker? Didn't you think for a second this could be really upsetting for me? I was finally starting to move on from all this

TITUS

I did Kim Possible. And I'm sorry you're going through this again. But in my defense I don't have any other frames of reference for a bunker. Did you consider that?

KIMMY

(annoyed)

no...

She notices all the toilet paper.

KIMMY (CONT'D)

Aw man you found toilet paper?

TITUS

Found. Yes. NOT stolen from a Quiznos women's bathroom

KIMMY

I went to like six stores and all I
could find are these weird fruit
rollups

She hold them up. They are called "faux fruit leather" Titus
gasps.

TITUS

(distraught)

Is that what you had to use as
toilet paper in the bunker?

KIMMY

(laughing)

No are you crazy? We used pages
from the reverend's unpublished
book about how Amelia Earhart was a
whore

Titus nods. Lillian enters, looking sicker.

LILLIAN

Oh brother what is happening in
here?

KIMMY

We're just trying to prepare in
case we aren't allowed to leave the
apartment. But I really don't think
it's going to get that serious.
Why, do you? What do you know!?

LILLIAN

This whole thing is a hoax, the
city will be back to normal in no
time

She takes off her coat.

LILLIAN (CONT'D)

Is it hot in here or is it just me?

TITUS

Well considering the heat in this
building hasn't worked since I
moved in here it must be you

LILLIAN

You should talk to management about
that

TITUS

You are management!

KIMMY

You are management!

Lillian starts coughing. Titus holds up a makeshift cross he made out of two of his barbie dolls.

TITUS (CONT'D)

Stay away witch!

LILLIAN

Will you two calm down? I ate some expired sour cream in 1998 and I think it's just starting to catch up to me. No one even knows what the symptoms of this thing are, it's all bogus!

Kimmy glances at the TV which is muted, she see's the reverend's photo on Fox News.

KIMMY

Is that... turn up the volume!

Titus grabs the remote.

FOX NEWS ANCHOR

Welcome back to Fox News, the number one news channel for old white people and cats left home with the TV on. Mittens, if you're watching, daddy loves you. (beat) If you still have a "lock her up" sign in your front yard, you're in the right place

Kimmy rolls her eyes.

FOX NEWS ANCHOR (CONT'D)

You may be hearing a lot about a so-called super virus all around the world and the panic surrounding getting tested. But we want to stop the spread of misinformation about this possible pandemic. Joining me now with exclusive information from Indiana State Prison is felon doomsday cult leader and former wedding DJ, Reverend Richard Wayne Gary Wayne

REVEREND WAYNE

Thank you for having me. Now let's keep this quick it's Taco Tuesday here which means ten extra minutes of toilet time

FOX NEWS ANCHOR

So you predicted the end of the world happening in the late 90s and admitted to getting the date wrong, but you're saying that now these really are the end of times. Elaborate on that

REVEREND WAYNE

Well my dude, I mixed up the dates. I was being deceived by Jesus's evil brother Terry. But according to my new calculations the end of the world is looming near

FOX NEWS ANCHOR

So what you're saying is, God is punishing us for almost voting in a female president?

REVEREND WAYNE

Right you are

FOX NEWS ANCHOR

So what symptoms should people look out for?

REVEREND WAYNE

Basically the virus starts off in the reproductive organs and spreads to the brain causing bleeding from the eyes,

Titus touches his eyes and sees there is something on his fingers, then realizes it's just cheese dust from last night.

REVEREND WAYNE (CONT'D)

creepy smiling,

Titus smiles and then screams.

REVEREND WAYNE (CONT'D)

neon nipples,

Titus looks down at his chest through his shirt. He's glowing. Then he remembers he's wearing glow sticks as a necklace.

REVEREND WAYNE (CONT'D)

....and terrible sarcasm

TITUS

(sarcastically)

Thanks captain obvious

They all gasp, including the people on TV.

TITUS (CONT'D)

Oh god! I'm not famous enough to get a test! And my health insurance plan is just an expired packet of Emergen-c!

KIMMY

Titus, I'm sure you're fine. I mean you're a healthy person...kinda, well I mean you breathe really heavily--

TITUS

(interrupting)

Shush girlie your husband is speaking

FOX NEWS ANCHOR

Can you confirm how exactly you know this?

REVEREND WAYNE

It says it directly in the bible

FOX NEWS ANCHOR

Good enough for me. Any last advice Reverend?

REVEREND WAYNE

You may think this is just the lizard people trying to take over, but listen to me when I say, the virus is just the beginning. The apocalypse is coming and there's nothing you can do to stop it, Kimmy. (she imagines that part)

Kimmy Titus and Lillian are all staring at the TV looking nervous. Suddenly Titus's phone rings scaring everyone. They jump/scream. Titus answers. It's a one sided phone call.

TITUS

Titus's phone this is Titus's agent not Titus the actor singer and doll hairdresser (beat) What? I would love to--I mean yes that sounds like something he would be interested in. I will run it by me I mean my client (beat) bye

TITUS (CONT'D)

Guess who just got an audition for the role of coroner who finds mouse in body cavity on Law and Order!

LILLIAN

Piers Brosnan?

KIMMY

Screech from Saved by the Bell?

TITUS

No! It's me! And read a newspaper or something girl, jeez! Anyway, they want to see me on tape. What do I look like, a white woman making a scene at Trader Joe's?

KIMMY

I've gotta go for a walk to clear my head. Titus good luck with the audition

She puts an old pair of day of the week underwear over her face as a makeshift mask.

TITUS

Listen kimprow 101, Be careful out there. If you die we'll run out of faux fruit leather and that is not a risk I'm willing to take!

She nods and leaves.

CUT TO:

JACQUELINE'S APARTMENT - SAME TIME

Buckley is watching TV on his iPhone and Jacqueline is trying to close a cabinet filled with supplies she's hoarded.

JACQUELINE

Buckley, can you please help me with this?

BUCKLEY

Nah, I'm good

She manages to close it by herself.

JACQUELINE

You know you should be more thankful that you came from a privileged family. Some people don't have phones to stare at

BUCKLEY

Whatever

Jaqueline's phone rings.

JACQUELINE

Hello?

Intercut between Jaqueline and Mimi Canassis:

MIMI

Jacqueline! Can I quarantine with you? My ex husband might have the virus! I didn't think he could get it, you know because he's a lizard person!

JACQUELINE

But you two are separated, you don't even live together

MIMI

I've been living under a pile of coats in his new wife's closet and sometimes at night while they're sleeping I crawl in the bed between them and pretend to be the dog!

JACQUELINE

(disturbed)

Oh, Mimi

MIMI

Please let me come over! Now that he's sick I can't go back there! I have no where else to go!

JACQUELINE

I don't know Mimi...

MIMI

Please! You won't even know I'm there! Like a girl in math class!

JACQUELINE

Well... since I'm trying to be a better person, fine, you can stay here, but if you puke in the bathtub again you're gone

MIMI

Deal!

She hangs up and immediately hears knocking on the door. She looks out the peephole and sees Mimi wearing a bunch of coats. She opens the door.

MIMI (CONT'D)

I was already here!

JACQUELINE

What was your plan if I had said no?

MIMI

Live in the vent and try not to wake you up with my anxiety farts!

JACQUELINE

Wait, you stole the coats?

MIMI

Finders keepers losers weepers!
Plus I went bathroom in them!

She walks in and makes herself at home.

JACQUELINE

(to herself)
Oh what have I done.

Mimi sits on the couch next to Buckley.

MIMI

Scoot over Buckface. We're watching Young Sheldon!

JACQUELINE

Look Mimi, if you're going to stay here you need to pull your weight. While I'm busy trying to save New York from this pandemic, why don't you homeschool Buckley?

BUCKLEY

But I don't want her to teach me!

MIMI

I'm still at a 4th grade reading level! And I went to school on an on-fire cruise ship!

JACQUELINE

I don't want to hear it. People are out there with neon nipples bleeding from their eyes! The least you can do is teach my son what photosynthesis is or whatever

MIMI

What!? What's that?! Is it dangerous?! Oh god! Is that when someone takes a picture where they look good but you look like a goblin but they post it anyway and tag you so you bite into a hand towel and scream?

JACQUELINE

(ignoring her)

I'm going to call De Blasio and blackmail him until he demands a city-wide rent freeze, good luck!

She walks away. Mimi turns to Buckley.

MIMI

Here's a math problem, if my ex-husband has been divorced three times and I was his second wife but he cheated on me six times than how do you know if your OKCupid profile is too sad?!

Buckley slouches into the couch and groans.

CUT TO:

INT. KIMMY AND TITUS'S APARTMENT - SAME TIME

Titus is getting ready for his audition and doing vocal warm ups. Lillian is duct taping an iPhone to broom as a makeshift tripod.

TITUS

(warming up voice/talking
very staccato/over
pronouncing)
(MORE)

TITUS (CONT'D)

Try the new multi-grain baguette at
Panera bread, the real Avril
Lavigne is actually dead

He notices Lillian is giving him a weird look.

TITUS (CONT'D)

My first acting teacher back in
Mississippi also worked in
advertising and he was very anti-
government. He brought a gun into a
Yankee Candle once

LILLIAN

That adds up. Alright let's just
shoot this thing, I think the air
quality in here is making me dizzy.
Those carbon monoxide detectors are
just pictures printed off the
internet

TITUS

Wait what?

He looks up at them.

LILLIAN

And action!

TITUS

Lillian make sure you favor my left
side, my right is still puffy from
all those bee stings

LILLIAN

They say the bees are dying but try
telling that to the hive who chased
you. Although you did egg them on

TITUS

I was eating a popsicle Lillian,
what was I supposed to drop it on
the ground because there were bees
on it? That's called food waste

He continues reading his script. Lillian coughs and wipes
sweat from her forehead. She's getting sicker. She notices a
pill Kimmy left on the counter sitting next to an off-brand
Advil bottle and takes it.

TITUS (CONT'D)

Let's just run through the first
scene.

(MORE)

TITUS (CONT'D)

You read the lines for officer
number one, and we'll use Kimmy as
the dead body

He puts his red braided Kimmy wig on mop and lays it on the
ground.

TITUS (CONT'D)

Perfect!

LILLIAN

And action!

TITUS

Thank god you're here, I finished
the autopsy and you'll never
believe what I've found in the
nasal cavity....

As he's acting Lillian starts to pass out. She fights it but
eventually falls to the ground dead asleep.

TITUS (CONT'D)

(flattered)

Lillian!? I knew that take was good
but clapping would have been
enough! (Now concerned) Lillian?

She isn't moving. Titus looks concerned for a moment and
checks her pulse. She's alive. Then he has an idea. He looks
at the camera then back down at Lillian. He moves "Kimmy" out
of the way and drags Lillian into frame.

TITUS (CONT'D)

Move over Kimmy, we're method
acting!

CUT TO:

EXT. KIMMY'S NEIGHBORHOOD - A LITTLE LATER

Kimmy is walking down the street talking to herself.

KIMMY

Everything is fine. I'm not in the
bunker and the world is not ending.
It's just the reverend trying to
play mind tricks on me again. I
mean look around Kimmy, you're in
New York City! The big apple! Where
there are ten rats to every one
person!

(MORE)

KIMMY (CONT'D)

Home to classic landmarks, like the Metropolitan Museum of Art--'s stairs Titus puked on after eating chili from an unauthorized street cart!

She turns to see two people across the street fighting over a roll of toilet paper. It triggers a bunker flashback.

FLASHBACK:

INT. BUNKER - FIVE YEARS AGO

All the mole women are sitting in a makeshift bunker chapel with the Reverend preaching. GRETCHEN and CYNDI are fighting over a bible.

CYNDI

It's mine Gretchen!

GRETCHEN

No it's mine! The reverend gave it to me after I rubbed his bunion last week!

REVEREND WAYNE

Girls, girls! Cut it out! Let's keep things fair. *Everyone* can rub my bunion, how about that?

They sit back down as they all groan.

REVEREND WAYNE (CONT'D)

Now, as we know, the world is dunzo. Scorched. Got OJ'd, hard. The point is I saved you all from death

Kimmy rolls her eyes.

REVEREND WAYNE (CONT'D)

But I think it's important for you to know what the signs of the apocalypse were. According to the bible, first there will be free birth control!

Gretchen gasps.

REVEREND WAYNE (CONT'D)

Distributed by the devil herself!
(beat) Second, TV show reboots!

(MORE)

REVEREND WAYNE (CONT'D)
 Seriously, be grateful you didn't
 have to see Roseanne 2.0 completely
 flop

CYNDI
 I used to watch that on Nick at
 Nite while my parents were getting
 divorced in the kitchen

REVEREND WAYNE
 And third,

DONNA MARIA
 Regla de tres! (rule of threes)

REVEREND WAYNE
 A virus! So deadly it wipes out
 half the world's population. They
 forced people to stay inside but
 still couldn't control the spread.
 Millions dying, and then BOOM fire
 monsters to finish off the rest

The mole women all look horrified.

END OF
 FLASHBACK.

EXT. KIMMY'S NEIGHBORHOOD - A MOMENT LATER

Kimmy is where we left her.

KIMMY
 This can't be happening

She pulls out her phone and makes a call.

Intercut phone conversation with ANDREA who is drunk at a
 music festival wearing one of those hard hats with a tube
 that distributes beer into your mouth:

ANDREA
 What's up Kimmy!?

KIMMY
 I can barely hear you, where are
 you?

ANDREA
 I'm at Warped Tour beyotch

KIMMY
 During a national health emergency?

ANDREA

Hey, if I'm gonna go out, I wanna go out with a bang you know what I mean? Sex with a narcissistic punk rock bass player

She high fives herself.

KIMMY

Right. Anyway, I just wanted to say hi--

ANDREA

No you didn't, you're in a panic over this virus. You think I don't know you?

KIMMY

It's just, this is what the reverend said would happen. I mean did you hear American Idol is coming back?!

ANDREA

Kimmy, I may have glass stuck in my teeth after attempting to shotgun a mikes hard lemonade in a port a potty, but trust me when I say, don't let the reverend get to you. He doesn't control you anymore. You're not in the bunker. *You* are in control

KIMMY

I'm in control

ANDREA

There ya go! I mean if this flu thing gets bad yeah, shiz might get scary. But it doesn't mean the world is ending. It's like what Mr. Rogers always said, when the world is messed up look for the helpers. Like the security guard who gave me backstage access for flashing my cooch

KIMMY

Thanks Andrea

ANDREA

(to the people around her)
Who wants to watch me chug this natty light?!

Kimmy hangs up and continues down the street.

CUT TO:

JACQUELINE'S APARTMENT - LATER THAT DAY

Jaqueline is in the kitchen yelling on the phone.

JACQUELINE
Up yours De Blasio!

She hangs up, angry.

JACQUELINE (CONT'D)
I can't believe this. It's like I'm
screaming into a void. All I'm
trying to do is help!

Buckley enters the kitchen.

BUCKLEY
Mom, can you help me with this math
problem?

JACQUELINE
I thought Mimi was helping you

BUCKLEY
She passed out on the couch. I
think she's having a nightmare

Cut to Mimi on the couch sprawled out screaming in her sleep.

JACQUELINE
Well, I'm kinda busy at the moment.

BUCKLEY
Oh, okay.

He starts walking away. Jacqueline feels bad.

JACQUELINE
Buckley...wait, I was so focused on
trying to help everyone else I
didn't think to help my own son
first. Maybe we should use this
time at home as an opportunity to
do something...together. When was
the last time we did that?

BUCKLEY

I'm not sure if I should count the
time you watched my piano recital
via iPad

JACQUELINE

Yeah, that's not great. Why don't
we try to find a way to help out
those who are less fortunate,
together

BUCKLEY

You mean like Mimi? Because she
asked me if she should get bangs
and I told her no

JACQUELINE

I knew I raised you well

She opens the cabinet full of hoarded supplies.

JACQUELINE (CONT'D)

Why don't we take some of this food
down to the shelter?

Buckley nods. Mimi suddenly wakes up and yells towards them.

MIMI

Save me a box of faux fruit
leather!

CUT TO:

KIMMY AND TITUS'S APARTMENT - RIGHT AFTER

Titus is still filming his audition with a passed out Lillian
on the ground. Kimmy bursts in.

KIMMY

Titus! I'm in control!

TITUS

Dammit Kimberleigh, spelled the
white lady way, you just ruined the
only take I've done without passing
gas!

KIMMY

The reverend doesn't have control
over me anymore. He doesn't get to
dictate my feelings.

(MORE)

KIMMY (CONT'D)

If I want to panic I can panic, but
it's not because of him. My
feelings are valid!

TITUS

Where did you read that, on a LuLu
Lemon bag?

He lifts Lillians lifeless hand to high five it.

KIMMY

I'm out of the bunker, but my
emotions were still being
controlled by the reverend, like
I'm still trapped. And I don't want
to live like that anymore

TITUS

Good for you baby girl. Your Titus
is very proud. Now help me drag
Lillian across the floor for this
next scene

KIMMY

What's wrong with her?

TITUS

She's out cold but don't worry
she's still breathing I checked an
hour ago

Kimmy runs over to the counter and looks around. She realizes
the sleeping pill Jacqueline gave her is missing.

KIMMY

Oh no. I think she took the
sleeping pill Jacqueline gave me!

TITUS

You should not take loose pills
from an acquaintance, I learned
that the hard way after the
sandwich artist at Quiznos gave me
what I thought was a pill to make
my neck less thick but turned out
to be a laxative. Either way, I did
look thinner

KIMMY

I know what to do! One time Cyndi
fainted in the bunker and I was
able to scare her awake

FLASHBACK TO:

INT. BUNKER - MANY YEARS AGO

Cyndi is passed out on the floor. Donna Maria is fanning her with a bible. Kimmy is trying to wake her up.

DONNA MARIA
 Qué hacemos?! (what do we do?!)

GRETCHEN
 This is what you get for hogging
 the invisible hair brush all the
 time! I'll go get the reverend

KIMMY
 No! Just wait, I know what to do, I
 just have to say something crazy
 untrue and insane to make her wake
 up!

She thinks for a moment.

KIMMY (CONT'D)
 (yelling at Cyndi)
 Cyndi! Wake up! Lance Bass is gay!

Cyndi wakes up in a panic.

END OF
 FLASHBACK.

INT. KIMMY AND TITUS'S APARTMENT - A MOMENT LATER

Kimmy, Titus and Lillian are where we left them.

KIMMY
 Lillian, wake up! A group of NYU
 students want to sublet the
 upstairs apartment!

She doesn't wake up.

TITUS
 She's dead! Do CPR!

KIMMY
 But my certification expired in
 1998! All I remember is my health
 teacher saying mouth to mouth is a
 sin

TITUS
 Move over!

He does one chest compression and then stops, exhausted.

TITUS (CONT'D)

Call it

KIMMY

Titus no! She's alive, she's just sleeping really heavily

TITUS

Well she better snap out of it soon. I'm starting to sweat more than usual and my body feels like jello, specifically strawberry flavor

KIMMY

Let's prop her up on the couch

They drag Lillian over onto the couch.

TITUS

I knew my horoscope was right about today! Yet here I am disobeying the lord

Suddenly Jacqueline bursts in with canned goods and toilet paper while wearing her mask.

JACQUELINE

I'm here to help! I'm making my way through the local shelters, did you know this building is not considered livable by the state of New York?

She looks around at the apartment, noticing all of Titus's bunker decor.

JACQUELINE

By the way I love what you've done with the place

Kimmy takes a moment to be offended.

KIMMY

Jaqueline! Lillian took one of your sleeping pills and I think she's having some sort of reaction to it, we can't get her to wake up

JAQUELINE

Well of course you can't, those pills are maximum strength. She should wake up in one to five days

KIMMY

So we shouldn't be worried?

JAQUELINE

Absolutely not, I took one of those after Julian left me and woke up three days later. It's completely healthy

TITUS

So what you're saying is, it's not unethical to use her lifeless looking body to score the role of a lifetime?

Jaqueline and Kimmy give Titus a weird look.

KIMMY

Jacqueline you can take your mask off, you're inside and both of us feel fine

JACQUELINE

Oh this isn't because of the virus, there's just a lingering scent in here at all times

TITUS

(knowing it's him)
Must be the raccoons

Kimmy and Jaqueline nod/shrug.

KIMMY

You know, I was so freaked out about being stuck in here but if we all have to quarantine, I'm glad it's with you guys. This time I get to choose my bunker family because I'm in control

JACQUELINE

Oh I will not be quarantining here, I'd rather die from the virus than spend another minute in this building that looks suspiciously like a sideways tugboat.

(MORE)

JACQUELINE (CONT'D)
 Buckley and I are fleeing to the
 Hamptons to stay in the summer
 house. Happy quarantine!

She leaves.

TITUS
 I have to watch this tape back,
 there's gotta be at least one take
 that's useable enough to send in

KIMMY
 Titus you are so talented, even if
 you don't get this part, just
 remember that

TITUS
 Thanks Kim Cattrall

They both sit on the couch next to sleeping Lillian.

He scrolls through the iPhone looking for the best video. He
 presses play and Kimmy leans in to watch.

Video Intercut:

TITUS (CONT'D)
 Oh thank god you're here, I've
 finished the autopsy and you'll
 never believe what I found in the
 nasal cavity...

He leans over Lillians body and accidentally farts loudly.

TITUS (CONT'D)
 (trying to blame it on
 Lillian)
 Okay are we sure she's dead?

End of video.

Titus looks disappointed.

KIMMY
 There's gotta be a better one.

TITUS
 No, in all the others I'm
 accidentally sporting a distasteful
 nip slip

Suddenly Lillian jumps up awake. She's groggy at first.

TITUS (CONT'D) KIMMY
My scene partner! Lillian!

LILLIAN
Wow that was the best night's sleep
I've ever had. What day is it?

TITUS
I've never known that

LILLIAN
I feel great! Take that super
virus!

KIMMY
I'm glad your awake Lillian, now we
can plan out our super fun
quarantine! Let's make a list of
games we should play, I think we
have a few pieces from Monopoly we
can mix together to make up for the
lost pieces from the game of Life!

Both Lillian and Titus get up and slowly start to try and
sneak out. Titus goes to gather a few of his dolls and
notices something in his dollhouse.

TITUS
Who puked in my dollhouse!?

LILLIAN
Run Lillian!

She rushes out.

END OF EPISODE.
